

lightSlider - Version 1.0

This extension is a wrapper for jQuery lightSlider, a lightweight responsive Content slider with carousel thumbnails navigation.

<http://sachinchoolur.github.io/lightslider/index.html>

Main Features

- Responsive
- Gallery mode to create an image slideshow with thumbnails
- Supports swipe and mouseDrag
- CSS transitions with jQuery fallback.
- Auto play and infinite loop to create a content carousel.
- Slide and Fade Effects.
- Vertical Slide, Adaptiveheight

Description of the properties:

Adaptive Height

Dynamically adjust slider height based on each slide's height

Auto Play

If true, the Slider will automatically start to play.

Easing

Type of easing to be used for css animations.

Enable Drag

Enables desktop mouse drag support.

Enable Touch

Enables touch support.

Images

Add, edit and remove images.

Notes:

- If you enable the thumbnail gallery then you should also specify a thumbnail for each image.
- The 'title' is currently only used for the 'alt' tag.
- The script does not resize/stretch images, so they will be displayed in their original size!

Items

Number of slides to show at a time. Make sure the width of the gallery is 'Items' x the image width!

Loop

If false, will disable the ability to loop back to the beginning of the slide when on the last element.

Mode

Type of transition 'slide' and 'fade'.

Pause

The time (in ms) between each auto transition.

Pause On Hover

Pause autoplay on hover.

Responsive

Configure separate settings per breakpoint (for advanced users only!)

See the examples for more details:

<http://sachinchoolur.github.io/lightslider/examples.html>

Slide Move

Number of slides to be moved at a time.

Slide Margin

Spacing between each slide.

Slide End Animation

Enable Slide end animation.

Speed

Transition duration (in ms).

Vertical

Change slide's direction from horizontal to vertical.

Vertical Height

Set height of slider if vertical mode is active and item more than 1.

Current Pager Position

Position of thumbnails.

Enable Gallery

Enable thumbnails gallery

Gallery Margin

Spacing between gallery and slide.

Pager

Enable pager option.

Thumb Item

Number of gallery thumbnail to show at a time.

Thumb Margin

Spacing between each thumbnails.

Thumb Width

Width of gallery thumbnail while vertical mode active.
