Plyr Extension - Version 1.0

Plyr is a simple, responsive, lightweight and accessible HTML5 media player by Sam Potts: https://plyr.io/
Unlike the standard HTML5 media player, Plyr has the same look on all browsers and devices. The extension supports audio and video.

Properties

Files
Specifies the audio or video files. You will need to specify at least one format. Optionally you can specify other formats. Although most modern browsers currently support mp4 (for video) and mp3 (for audio).

Volume
Specifies the startup volume for playback.

Auto play
Enable this option to automatically start playing when the page loads.

Poster
The poster property specifies an image to be shown while the video is downloading, or until the user hits the play button. This option is not used for audio.

Type
Specifies the type media player: audio or video.

Controls
Here you can configure which control will be displayed.

How to install this extension so it is available in Quick 'n Easy Web Builder?
You can use the Extension Manager (Menu->Tools->Extension Manager) to install this extension.

Alternatively, you can manually copy all files from the zip file to the Web Builder extensions folder. Usually this folder is in this location:
/Documents/Quick 'n Easy Web Builder/extensions/
